

As one of your township trustees, I value your input, your concerns, your opinions and even your objections. I am proud of our township and the progress we have made in the past 36 years. During that time, I have gained a great deal of experience and knowledge working with our residents and community leaders.

My goal is to continue to provide the leadership and foresight necessary to address controlled growth, strict zoning management, safety services and the implementation of the Township Development Policy Plan.
